

BUY MORE PHOSCRETE, GET MORE FREE TOOLS! 2021 Points Promotion Program

Phoscrete Concrete Repairs are FAST, they're EASY, and they LAST.

Phoscrete repairs do not require sandblasting, SSD, or curing compounds, and Phoscrete is traffic-ready (or joint/sealant-ready) in less than an hour.

Phoscrete Tools can help you get your job done better and faster!

Our 2021 promotion is simple. Earn **2 points** for every kit of Phoscrete HC or VO purchased (VO kit = [2] 31 lb bags + 1 jug), and earn **1 point** for every pail of Phoscrete HC, VO, or Primer purchased between now and the end of this year.

For example, purchase 3 pallets of Phoscrete HC (48 kits per pallet), and earn 288 points, enough for a Phoscrete Drill!

Purchase 3 pallets of Phoscrete VO kits (36 kits per pallet), and earn 216 points, enough for a Phoscrete cooler and a couple 6.5-gallon buckets!

Purchase 3 pallets of Phoscrete VO pails (64 kits per pallet), and earn 192 points, more than enough for two mixing paddles or a cooler.

[Use your points and get FREE Phoscrete Tools]

All purchases made directly from Phoscrete are automatically tracked. If you purchase Phoscrete from a distributor, save your receipts or ask your distributor to report your order to Phoscrete. You may redeem your points on the same order as your material order. If you do not have enough points, lower your cost by applying points toward the purchase of any Phoscrete Tools.

*This promotion is valid only for end users of Phoscrete Concrete Repair Materials and may only be applied to the tools listed here. Phoscrete reserves the right to substitute similar products based on availability. Points promotions accrue for purchases of Phoscrete HC and Phoscrete VO from January 1, 2019 until December 31, 2021. Points may be transferred or combined with other districts. Points have no cash value outside this promotion.

with **MALP+ Technology™** is a good fit
for your concrete repair projects.

BUY MORE PHOSCRETE, GET MORE FREE TOOLS!

Phoscrete Mixing Paddles: The reverse corkscrew design allows fast mixing of Phoscrete HC kits in a standard 5-gallon bucket [**large mixer = 95 points**], or Phoscrete HC, VO, and Primer in our 1.25-gallon pails [**small mixer =85 points**]. The auger action pushes the dry material down to the bottom of the bucket without splashing or overflow. The mixing paddle cleans-up easily with water.

Phoscrete Drill: Use Phoscrete's recommended mixing tool, the Bosch GBM9-16 5/8-inch Spade Handle Drill Mixer. With a powerful 9-amp variable speed motor, this drill generates outstanding torque for fastest mixing of Phoscrete HC in a bucket. Includes Rotatable 360 Degree D handle, auxiliary handle and heavy-duty keyed chuck. [**288 points**]

Phoscrete Stingers: A thixotropic material, Phoscrete flows best and bonds best when vibration is applied, either by aggressive troweling, or when using a pencil vibrator. Phoscrete offers 3 different stinger options: *Pneumatic* (28mm) [**288 points**], *Electric* [**168 points**], and *Battery* (kit includes battery, and charger) [**864 points**].

Phoscrete Needler: Use Phoscrete's pneumatic needle gun to remove surface contaminants prior to installation of Phoscrete. Use the Needler to scarify Phoscrete's surface prior to application of coatings to the appropriate Concrete Surface Profile (CSP) as specified by the coating manufacturer. [**60 points**]

Phoscrete Generator: This 3500 watt inverter/generator produces more power, with a clean power curve and low fuel consumption. 212cc air-cooled OHV gas engine. Run time: 11 hours @ 25% capacity. (2) 120VAC grounded outlets, (1) 120VAC Twisotlock Outlet, (1) DC-12V Two Pin Outlet. Electric start. Parallel capable [**1,283 points**]

Phoscrete Cooler: You already know Phoscrete works great in cold weather. Don't sweat over installing Phoscrete in warmer climates (>80°F). Simply ice up to 18 Phoscrete Activator jugs in our 150qt insulated cooler for extra working time and get that perfect finish on your concrete repairs. [**175 points**]

Phoscrete Angle Grinder: Phoscrete recommends the Bosch GWS10-45DE. 10 Amp Corded 4½" Angle Grinder. with a multi-grip paddle switch. The no-lock-on paddle switch function provides rapid shutdown of the motor after the switch is released. Great for cleaning and grinding concrete site preparation. **[165 points]**

Phoscrete Stripping Discs: Phoscrete bonds best to clean dry concrete. Use these 4½" clean and strip discs with your angle grinder to remove slurry, concrete dust, and surface contaminants from your prepared repair site. Also cleans rust from rebar. **[5 pack = 59 points]**

Phoscrete Grinding Wheel: Dewalt's 4½" diamond-cup grinding wheel with high diamond concentration delivers long life and aggressive material removal. The large grinding segments with heat treated steel bodies increase durability and wheel life. **[55 points]**

Phoscrete Gloves: Wear these seamless knit Cotton/Polyester Gloves with latex coated crinkle grip on palm and fingers and protect your hands. Dampen the cotton back to break the bond from your gloves and tools when hand-packing Phoscrete VO. **[1 pair = 5 points]**

Phoscrete Knee Pads: These thigh support knee pads are gel layered and have high density foam padding for your comfort and durability. After a full day finishing concrete, your knees won't feel fatigued or tired. The hard-plastic thick shield protects your knees from the concrete surface. **[1 pair = 42 points]**

Phoscrete Back Brace: This comfortable lower back belt with suspenders has cool breathable side panels, and firm elastic side pulls for adjustable compression. Engage in full body motions without feeling uncomfortable. The deluxe mesh, high-elasticity nylon fabric disperses the force your vertebrae undertake. **[40 points]**

Phoscrete Bucket: Use these 6.5-gallon buckets with screw-top lid and plastic handle when transporting Phoscrete dry mix bags in a flatbed to protect from the elements. Bucket fits both bag and jug. Ratcheting lid with neoprene O-ring also makes this a good bucket for transporting water for cleanup to the job site. **[19 points]**
